REDEVELOPMENT AGENCY MEMORANDUM

To: Chairman and Members of
the Miami Beach Redevelopment Agency

Date: September 8, 2005

From: Jorge M. Gonzalez
Executive Director

**Subject: REPORT OF THE ITEMIZED REVENUES AND EXPENDITURES OF THE
MIAMI BEACH REDEVELOPMENT AGENCY FOR THE TEN MONTHS
ENDED JULY 31, 2005**

On July 15, 1998 the Chairman and Members of the Board of the Miami Beach Redevelopment Agency resolved that an itemized report of the revenues and expenditures of the Miami Beach Redevelopment Agency, with respect to each redevelopment area, would be made available to the Chairman and Members of the Board of the Miami Beach Redevelopment Agency at the end of each month. Further, it was resolved that such report would be made available no later than five days prior to the second regularly scheduled Redevelopment Agency meeting in the month immediately following the month for which such report is prepared and that the report would be placed on the Redevelopment Agency Agenda for the second meeting of each month as a discussion item. Because the distribution date for the second Commission meeting of some months falls prior to our receipt of bank statements for the month, we advised on October 21, 1998, that beginning with the report for the month ending October 31, 1998 all monthly Redevelopment Agency reports would henceforth be included as part of the agenda for the first Commission meeting of each month.

The attached material includes the following:

South Pointe Projects:

Project

Status - as of 8/24/05

Courts and Cosmopolitan Project (Formerly the Courts of South Beach)

A Mediterranean town-house development located between First and Second Streets and between Alton Road and Washington Avenue. The project is the subject of a Development Agreement, executed by the RDA in 1989. Phases I, II, III and V, made up of residential and commercial are complete. Phase IV, consisting of 231 residential units and 10 commercial units was substantially completed in Summer, 2004.

In conformance with the original Development Agreement, the developer completed construction of a Piazza/bus station shelter located on Alton Rd. at 2nd Street which includes landscaping and pavers. Additionally, the developer has completed streetscape improvements from Meridian to Washington on 1st and 2nd Streets. Streetscape improvements include new paving, sidewalks, drainage and landscaping and irrigation.

Since the execution of the original Development Agreement, the development rights have transitioned to two additional developers. Groupe Pacific is currently the Developer of Record.

Total Project Cost: Est. \$100 Million

Total CRA participation: Est. \$16.5 Million - Land acquisition and related administrative and construction expenses.

Library Project

As part of the Courts Settlement Agreement, the RDA exercised an option to purchase and contribute to the City of Miami Beach, a 5,000 square foot commercial condominium space in Phase I of the project, to be utilized as a Library or for other public usage that is mutually agreed to by the parties. On December 23, 2004, the RDA closed on the transaction, modifying the terms of the purchase, to provide for payment of the purchase price in full, discounted to reflect the present dollar value in the amount of \$234,580. The Library space received a Certificate of Occupancy on December 28, 2004, allowing for turn-over to the Library to proceed. The new South Shore Library opened during the week of February 21, 2005.

Total Project Cost: \$795,000

Total CRA participation: \$275,000

Community/Victory Garden

In an effort to provide increased parking in the South Pointe area, and in an effort to maximize the future use of City assets, the Community Garden located at 131-139 Washington Avenue will be moved to 224 Collins Avenue. From March 2001 through September 2001, several Community meetings were held to discuss this issue with residents and City Staff. In January 2002, an Architectural and Engineering Firm (Coastal Engineering) was selected and an agreement in the amount of \$16,120 was executed, and on March 19, 2003, the Board ratified the selection of Andrew Reid as the artist for the project as recommended by the Art in Public Places Committee for a fee of \$33,800. The Garden project, which was constructed through a JOC Contractor, has been completed and final Certificate of Occupancy has been obtained. The fence construction has been completed and the Certificate of Completion was issued by the City's Building department on January 6, 2005. The community gardening program is already underway in the Garden and a formal opening and dedication was held on February 17, 2005 to unveil a memorial plaque, commemorating Joe Villari, who was active in the South Pointe neighborhood.

Total Project Cost: Est. \$192,200

Total CRA participation: Est. \$192,200

Portofino

Development of the Miami Beach Marina (SSDI North & South) and several other properties owned by the Portofino Group in the South Pointe Area. Portofino's properties west of Washington Ave. are subject to a DRI and their development is conditioned by a Settlement Agreement with the RDA (1998). The first phase involving Portofino Tower, a 228-unit luxury condominium was completed in 1997. The second phase is the Yacht Club at Portofino a 361-unit luxury condominium, on the south part of the Marina (SSDI South), and the adjacent Murano Tower, a 189-unit luxury condominium, which was completed in 2002. The RDA's responsibilities relative to these developments include the reimbursement to the Developer for utility relocations, the completion and repair of the seawall and baywalk, public parking for the Marina (located in the first floor of each of the projects' parking garages) and certain streetscape improvements. The third phase, involving the construction of two luxury condominium towers, Murano Grande and Icon, which will house approximately 555 units, is underway. Murano Grande is in the process of obtaining a final CO. Construction of the ICON project is expected to be completed by mid-2005.

Total CRA participation: Est. \$14 Million - utility relocations, completion and repair of the seawall and baywalk, public parking for the Marina and certain streetscape improvements.

Temporary Alaska Parcel Baywalk

In connection with parking lots constructed south of South Pointe Drive, and pursuant to a Planning Board Order issued on August 22, 2001, the property owner of the Alaska Parcel agreed to grant the City/RDA a temporary non-exclusive baywalk access easement over and upon the setback area solely for the purposes of public access and to allow the City/RDA to construct, operate and maintain a temporary baywalk for the duration of the period of time that the Alaska Bayfront Assemblage is utilized for temporary parking purposes. Consequently, on May 29, 2002, Resolution 421-2002 was passed appropriating \$171,000 from South Pointe Tax Increment Funds for the construction costs of a temporary **pedestrian** baywalk. On March 19, 2003, Resolution 447-2003 accepted a grant of a temporary baywalk easement, and further appropriated an amount not to exceed \$60,000 for the operation and maintenance of the baywalk. Construction of the temporary baywalk was completed in August, 2003.

Total CRA participation: \$231,000 for construction, operation and maintenance of baywalk.

South Pointe Streetscape Improvements

A \$27 million streetscape improvement project for the South Pointe Area, based on a Master Plan and preliminary design by Duany Plater-Zyberk and endorsed by South Pointe Advisory Board; Phase I of the streetscape improvements, comprising Third Street and Washington Avenue, including its two-block extension in South Pointe Park, was completed in October 2002. On September 25, 2002, the Commission approved an A/E services contract with Wolfberg Alvarez in the amount of \$469,634 for the planning and design of Phase II of the project. On February 4, 2004, the Commission approved the Basis of Design Report for Phase II and construction design is currently at 30% completion. Phase II construction is expected to begin in mid-2005 and will require approximately 16 months to complete. An RFQ was issued for AE services for Phases III, IV, and V of the project, and a selection process was undertaken, resulting in the City Commission authorizing negotiations with Chen and Associates on September 8, 2004. An agreement was reached and was approved at the City Commission for contract award on May 18, 2005. The kick off meeting with Chen and Associates and City Departments was held on June 10, 2005. The first and second site reconnaissance meetings were held on June 17, 2005 and June 30, 2005, respectively.

Total CRA participation: \$27 Million

South Pointe Park

Preparation and implementation of Master Plan for South Pointe Park, funded by a combination of tax increment and GO Bond funds. The project will include landscaping, lighting, pedestrian paths, parking and maintenance facilities. An RFQ for required design services was issued in early 2003 but responses were subsequently rejected when it was determined that the size and shape of the park property was likely to change as a result of the Portofino settlement agreement. A settlement agreement was approved on July 28, 2004. A new RFQ was issued on September 20, 2004. An RFQ Evaluation Committee was appointed by the City Manager and on October 29, 2004 ranked Hargreaves and Associates as the top firm. On November 10, 2004 the City Commission approved negotiations with Hargreaves. A negotiation session was held on December 16, 2004 and Commission contract award was made on January 12, 2005 and an initial NTP issued on January 18, 2005. A kick-off meeting was held on February 22, 2005 and a site visit conducted on February 24, 2005. A visioning session was held on March 10, 2005 the first Community Design workshop was held on April 7, 2005. The 2nd CDW was held on June 2, 2005. The draft Basis of Design Report (BODR) was presented to the General Obligation Bond Oversight Committee on July 11, 2005. The BODR was approved by the City Commission on July 27, 2005 and an appropriation of \$14,130,000 from the South Pointe Redevelopment Agency funds for the completion of the design and the construction of the project was made. In approving the BODR and the appropriation, the City can now proceed with the Design Development, Bidding and Award, and Construction Administration Phases of the project. As a result, Hargreaves' Agreement is being amended (as applicable) to include additional professional services associated with the additional project phases required for project completion.

Total Project Cost: \$14.1 Million

Total CRA participation: \$14.1 Million (\$5 Million to be reimbursed by County GO Bond)

Waste Water Booster Pump Station

In order to address the City's need for a waste water master booster pump station, Camp Dresser & McKee, Inc. is in the process of designing a facility on the city-owned triangular property which fronts Alton Road, between First Street and Commerce Street. The City has negotiated an Amendment to the Architectural and Engineering Agreement to re-design the Project to consolidate the size of the building and its location on one site versus two, while maintaining a façade that adapts to the neighborhood. The Amendment to CDM's contract was approved at the September 8, 2004 Commission Meeting, executed, and CDM given a Notice to Proceed (NTP). CDM has commenced the design process which is scheduled to be completed within ten (10) months. Construction costs are currently estimated in the range of \$11.4 to \$14.3 million. Cost savings previously contemplated for omission of the generator are not feasible as the current codes do not allow its elimination. CDW's were held on April 28, and July 28, 2005, respectively. The Community has reached a consensus on the need for the Booster Pump Station; however they requested

Project**Status - as of 8/24/05****Waste Water Booster Pump Station**

that the Administration investigate alternate sites for its placement. A second coordination meeting was held with the Miami-Dade County Water and Sewer Department (MDWASD), on July 19, 2005, to discuss the sub-aqueous force mains planned to be installed from South Pointe to Fisher Island, and to Virginia Key. The City has requested a timeline for this work along with any request for utility easement(s) for the City's review.

The South Pointe Wastewater Master Booster Pump Station Project is being fully funded by the RDA.

REDEVELOPMENT PROJECTS (Planned and/or Underway)

City Center Projects:

Project

Status - as of 08/24/05

Beachwalk Project

An at-grade, landscaped pedestrian beachwalk, connecting 21st Street to Lummus Park, designed and engineered by Coastal Systems International. The Project was permitted by the State of Florida in March, 1998. The Project was contested by a property owner and was stalled for almost 5 years in court. In November, 2001, the City received a Partial Notice to Proceed from the State of Florida as a result of a favorable finding for City by the courts. The full permit was issued in April 2002. Plans and bid specifications for the Beachwalk as well as the street-end improvements for 17th and 18th Street street-ends, which are part of the Beachwalk, have been updated and completed by the Architect. The Project was put out to bid during the last week of August 2002. Proposals were received during the last week of October. On November 13, 2002, the RDA awarded a contract to R. L. Saum Construction Co. to proceed with the project and appropriated \$3.7 million. Construction began during mid-March 2003 and is being phased as to mitigate adverse impact to area hotels and businesses fronting the beach. The Project achieved substantial completion in March 2005, which gives the Contractor 105 days to address remaining punch list items. The missing section in front of the Richmond that was held up by litigation filed by the Hotel's owners, was cleared to proceed. Plans for this piece are currently being updated by Coastal Systems prior to being permitted by DEP. Construction is anticipated to commence in Summer, 2005.

Total Project Cost: \$4.5 Million

Total CRA participation: \$4.5 Million - Construction

17th & 18th Street-end Project

The current layout of the 17th and 18th Street street-ends poses severe limitations for traffic circulation and parking, especially as it relates to the operations of the Delano and Ritz Plaza Hotels. Coastal Systems contract for the design of the Beachwalk was amended to include the development of conceptual plans and cost estimates for the extension of 17th and 18th Streets, seaward to the ECL. Plans call for extending and reconstructing both street-ends to match the Boardwalk motif. The street-end cul-de-sacs will be relocated approximately 50 to 70 feet east, respectively, to enhance the conditions of the streets and improve the street-end layout. Extension and reconstruction of the two street-ends will involve demolition and reconstruction of the public right-of-way with new curbing, paver block side-walks, asphalt pavement, striping and signage. Construction Drawings and specifications have been updated to reflect FDOT improvements and tie-ins on Collins Avenue. The Street-end Project was bid as part of the Beachwalk Project and commenced with 17th Street in August, 2004. Due to certain event-related conflicts involving area hotels, 18th Street will be delayed until Spring/Summer 2005.

Total Project Cost (est): \$750,000

Total CRA participation: \$750,000 - Construction

Collins Park Cultural Center

Implementation of a Master Plan calling for the development of a new regional library, streetscape and park improvements to link cultural activities in the area, including the Bass Museum and the Miami City Ballet. Land acquisition through eminent domain was completed in January 2002 and construction documents for the remaining portions of the Cultural Campus as identified in the Master Plan have been completed. On April 10, 2002, the City awarded the construction contract for the Library to the Tower Group. Construction began in May 2002 and achieved substantial completion in October, 2004. A final Certificate of Occupancy was issued in November, 2004, and the facility was turned over to the Miami Dade County Library System on December 6, 2004. The grand opening was held on April 1, 2005. Negotiations with Stern Architects failed to reach an agreement for the design of Collins Park. As such, the scope of work for the Park was included in the Request for Qualifications for the Rotunda, which is part of the old library that will be preserved and converted into a public venue for performing arts and public functions. An RFQ process resulted in the selection MC Harry & Associates to undertake the design process. Contract negotiations were finalized and award of A/E Agreement was approved on July 28, 2004. The A/E agreement has been executed and a Notice to Proceed for Planning Services was issued on November 17, 2004. A visioning session was held on December 15, 2004 and MC Harry & Associates is preparing two design concepts. The scope of the project was amended to include streetscape on 21st Street from Park Ave. to Washington Ave. and 22nd Street from Park Ave. to Washington Court. A Community Design Workshop was held on April 21, 2005. At that meeting consensus was reached on one of the design concepts presented. The consultant is now preparing the Basis of Design Report (BODR). The draft BODR is currently under Departmental review, it is expected to be presented to the HPB and City Commission during October, 2005. Demolition of the old library has begun and is expected to be completed by the end of September 2005.

Total Project Cost: \$18.4 Million – includes land acquisition, completed and proposed streetscape, park and surrounding infrastructure improvements.

Total CRA participation: \$15.3 Million.

Colony Theater Project

The City has engaged the State of Florida's Department of Management Services to manage the restoration and renovation of the Colony Theater. Preliminary plans called for the removal of the rear 45 feet of existing building, construction of a new stage house, small second and third floor service areas behind the stage, a fourth floor "Backstage" area, elevator, stairs, and the addition of a new vestibule and exterior access ramp to provide ADA access to the stage. The historic preservation scope involves removing the existing marquee and storefront on Lincoln Road and restoring it to its original historic appearance and modifying the interior lobby, office and concession area to be more consistent with the building's original design. Construction drawings were completed on April 29, 2002. Due to delays with structural reviews and permitting, the Project start-up was delayed by approximately 6 months, beginning in late November, 2002.

Colony Theater Project, continued

To date, vertical construction on the site of the new stage house is nearly complete and the lobby façade is well underway. On March 17, 2004, the RDA appropriated an additional \$1.6 Million towards the project to compensate for the loss of \$500,000 in State grant funds and to address certain unforeseen project costs, which is not untypical of historic renovation projects.

Construction delays are being experienced. The project as a whole is approximately 80% complete. The construction of the project is significantly behind schedule. In August 2004, the City placed a full time inspector on site to monitor the work of the contractor and to ensure that the project moves ahead in a timely manner. A new 4 party agreement has been finalized with the City, State, Contractor and Architect to ensure that the project will be substantially complete by August 2005. The CMB Building Dept. mandated that a load test be performed on the auditorium ceiling to ensure its safety. The test passed on June 16, 2005.

Total Project Cost: \$7.7 Million

Total CRA participation: \$5.5 Million - Construction

New World Symphony

The Administration has successfully negotiated a Lease and Development Agreement with the New World Symphony (NWS) regarding its proposed lease of a portion of the 17th Street Surface Parking Lot to accommodate its Sound Space design concept (the Project). As envisioned, the proposed 50,000 square foot facility will provide state-of-the-art communication and media capabilities with performance, classroom, rehearsal and broadcast space. In addition to providing a world-renowned, state-of-the-art facility, another focal point for the community, and the basis for considering the facility's location on this site, is that it will incorporate giant video screen(s) on one or more facades of the building, allowing the public to view live and recorded broadcasts from around the world. The Master Plan contemplates situating the facility on the west surface lot, just to the north of the existing NWS Theater on Lincoln Road. On July 30, 2003, the Development Agreement between the City of Miami Beach and the New World Symphony, following a duly noticed public hearing, was approved on first reading. A second and final reading of the Development Agreement was held on September 10, 2003, together with a Resolution approving a Lease Agreement, following a separate public hearing. The NWS engaged world-renowned Architect, Frank Gehry to spearhead the design of the project.

Conceptual design alternatives for the proposed project have been submitted for review by the City Manager were subsequently reviewed by the Planning Board on May 25, 2004. On September 8, 2004, the City Commission endorsed one of three concept plan proposals, placing the facility on the west surface lot, with the main entrance/drop off located on Drexel Avenue and the garage facing Pennsylvania Avenue. The proposal calls for creative realignment of Drexel Avenue that allows it to stay open to traffic.

New World Symphony, continued

Pursuant to the direction of the City Commission on September 8, 2004 and consistent with the Planning Board's August 24, 2004 recommendation that the entire two (2) blocks, including the Park, be designed as an integrated site, Gehry Partners LLP was asked to submit a proposal and cost estimate to undertake design services for the proposed Park. The proposal was submitted for review by the Finance and Citywide Projects Committee at its meeting on October 26, 2004.

The Committee recommended in favor of amending the Development Agreement between the City and NWS to expand the NWS' scope to include the design and development of the Zone 1, comprising the park, Drexel Avenue between North Lincoln Lane and 17th Street and improvements adjacent to the new garage, at the Owner's cost and expense, not to exceed \$10,000,000; Zone 2, comprising the Theater of the Performing Arts entry landscaping at the Owner's cost and expense, not to exceed \$1,150,000; and Zone 3, comprising North Lincoln Lane improvements, at the Owner's cost and expense, not to exceed \$500,000.

Separately, but related to the implementation of the 17th Street Master Plan and the realization of NWS' plans, the architectural firm of Perkins and Will has been contracted to undertake the programming and design of the City Hall Expansion Lot parking facility. On December 17, 2004, the Architect conducted an internal visioning session with the Administration, sharing initial concept plans and obtaining input to further the Project's design.

Total Project Cost: Soundspace - Min. \$40 million; Parking component - \$5 million; Park component - \$10 million

Total CRA participation: TBD

City Center Right-of-Way Improvement Project

The City Center Right of Way (ROW) Infrastructure Improvement Project is a \$19 million infrastructure project which includes the restoration and enhancement of right-of-ways/streetscapes throughout City Center, including roadway, sidewalk, curb and gutter, landscape, streetscape irrigation, lighting, potable water, and storm drainage infrastructure as needed. Proposals were received in response to an RFQ for architectural and engineering services for the planning and design of the project. The selection process resulted in a contract award to Chen and Associates by the City Commission on September 8, 2004. A project Kick Off meeting and Site Visit were held in November. The Visioning Session was held in April 2005. The first and second CDW were held on May 24, 2005, and on June 30, 2005, respectively. The BODR is being prepared and is anticipated to be presented to the Commission in October 2005. The estimated budget for the project is \$21.1 Million, comprised of \$2.1 Million in soft costs and \$19 Million in hard construction costs.

Total Project Costs: \$21.1 Million

Total CRA participation: \$21.1 Million

Project**Status - as of 08/24/05****Botanical Garden Improvements**

The Miami Beach Garden Conservancy has initiated efforts to achieve accreditation of the Botanical Garden through the American Association of Museums. To this end, the Conservancy has been working with the City of Miami Beach and the RDA to define the scope of capital improvements required to achieve this goal. The City identified approximately \$1.5 Million from Series 2000 General Obligation Bonds to undertake the improvements. In July, 2003, following an RFQ selection process, EDAW was selected to undertake the planning and design of the facility. A first design workshop was held in May 2004 and a second was held on September 21, 2004. CIP staff met with EDAW in November and December to further refine a preferred concept which will be presented at a final design workshop. An additional meeting was held with EDAW on February 15, 2005 and a tentative final concept plan agreed on. The next step will be to schedule the final design workshop and finalize the master plan; this is expected in early fall 2005.

Total Project Cost: \$1.5 million

Total CRA participation: None - TBD

**MIAMI BEACH REDEVELOPMENT AGENCY
AGENDA ITEM SUMMARY**

Condensed Title:

A Resolution of the Chairman and Members of the Miami Beach Redevelopment Agency appropriating non-tax increment Redevelopment Agency funds from City Center in the amount of \$355,000, to complete engineering, design and construction of the 18th Streetend and the Richmond Hotel section of the Beachwalk Project.

Issue:

Shall the Miami Beach Redevelopment Agency approve the appropriation of \$355,000 in City Funds from Non-Tax Increment Redevelopment Agency Funds from City Center to complete engineering, design and construction of the 18th Streetend and the Richmond Hotel section of the Beachwalk Project?

Item Summary/Recommendation:

The Beachwalk is a multi-purpose public access trail that winds its way along the western edge of the sand dune, from the southern end of the existing boardwalk at 21st Street south to the northern end of Lummus Park. The original Beachwalk Project scope included improvements to the 17th, 18th, and 20th, Streetends. Improvements to the 17th Streetend were completed by the Beachwalk contractor R.L. Saum. However, the 18th and 20th Streetends were deleted from the contractor's scope of work and will be completed using City Utility crews and a Job Order Contractor (JOC). No funds were previously appropriated for the deleted work. Above ground construction for the 18th Streetend is estimated to begin by September 12, 2005. Due to litigation, the Richmond Hotel section was postponed. Since the City of Miami Beach prevailed in litigation, construction began in July 2005. \$355,000.00 is necessary in order to complete engineering, design and construction of the 18th Streetend and the Richmond Hotel section of the Beachwalk Project in accordance with the project plans and specifications. At the beginning of the Beachwalk Project, non-tax increment Redevelopment Agency funds from City Center were allocated specifically for this project. It is anticipated that the 18th Streetend work will be complete before the end of the 2005 calendar year. The Richmond Hotel work is completed. Improvements for the 20th Streetend are awaiting final approval for construction permits from the Florida Department of Environmental protection. Construction is estimated to begin after January 2006. Additional non-tax increment Redevelopment Agency funds from City Center will be requested at a later date.

ADMINISTRATIVE RECOMMENDATION

Adopt the Resolution.

ANALYSIS

The Beachwalk is a multi-purpose public access recreational trail that winds its way along the western edge of the sand dune, from the southern end of the existing boardwalk at 21st Street south to the northern end of Lummus Park. The trail is a brick-paved, fifteen-foot wide, on-grade pathway with pedestrian scale lighting, low coral rock accent walls and mosaic paverstone plazas at the public beach accesses and street-ends. The overgrown and nuisance exotic vegetation growing along the dune area will be removed and replaced with irrigated, native landscape plantings and coconut palm shade canopy areas.

The original Beachwalk Project scope included improvements to the 17th, 18th, and 20th, Streetends. Improvements to the 17th Streetend were completed by the Beachwalk contractor R.L. Saum. However, the 18th and 20th Streetends were deleted from the contractor's scope of work and will be completed using City utility crews and a Job Order Contractor (JOC). No funds were previously appropriated for the deleted work. Above ground construction for the 18th Streetend is estimated to begin September 12, 2005. Due to litigation, the Richmond Hotel section of the trail was postponed. Since the City of Miami Beach prevailed in litigation, construction began in July 2005. \$355,000.00 is necessary in order to complete engineering, design and construction of the 18th Streetend and the Richmond Hotel section of the Beachwalk Project in accordance with the project plans and specifications. At the beginning of the Beachwalk Project, non-tax increment Redevelopment Agency funds from City Center were allocated specifically for this project. It is anticipated that the 18th Streetend work will be complete before the end of the 2005 calendar year. The Richmond Hotel work is completed.

Improvements for the 20th Streetend are awaiting final approval for construction permits from the Florida Department of Environmental protection. Construction is estimated to begin after January 2006. Additional non-tax increment Redevelopment Agency funds from City Center will be requested at a later date.

MIAMI BEACH REDEVELOPMENT AGENCY MEMORANDUM

To: Chairman and Members of the
Miami Beach Redevelopment Agency

Date: September 8, 2005

From: Jorge M. Gonzalez
Executive Director

Subject: **A RESOLUTION OF THE CHAIRMAN AND MEMBERS OF THE MIAMI BEACH REDEVELOPMENT AGENCY (RDA) APPROPRIATING FUNDS, IN THE AMOUNT OF \$136,000 FROM SOUTH POINTE TAX INCREMENT FUNDS, IN CONNECTION WITH THE RDA'S AGREED UPON PROPORTIONATE SHARE OF COSTS ASSOCIATED WITH STREET AND LANDSCAPE IMPROVEMENTS TO ALTON ROAD, BETWEEN THIRD AND FIFTH STREETS, IN ACCORDANCE WITH THE SETTLEMENT AGREEMENT AMONGST THE CITY OF MIAMI BEACH, THE MIAMI BEACH REDEVELOPMENT AGENCY, AND WEST SIDE PARTNERS LIMITED, DATED APRIL 15, 1998.**

ADMINISTRATION RECOMMENDATION

Adopt the resolution.

ANALYSIS

In November 1995, the City of Miami Beach, the Miami Beach Redevelopment Agency and the Portofino Group entered into a Development Agreement to develop the parcels comprising the Miami Beach Marina. The Agreement was terminated in June, 1997. In April, 1998, the parties entered into a Settlement Agreement that transferred the deed to SSDI-North to West Side Partners, Ltd., and sets forth the obligations of the parties with respect to the Development of SSDI-North and SSDI-South parcels. West Side Partners subsequently sold the SSDI-North parcel to the Developer, the Related Companies (TRG), which has proceeded to build two high-rise residential towers, Murano Grande and ICON, in accordance with the modified concept plan adopted by the City Commission on April 18, 2001. Murano Grande obtained a temporary certificate of occupancy (TCO) in April, 2003 and ICON, in May, 2005.

Pursuant to the Settlement Agreement, TRG is responsible for coordinating and implementing certain local impact mitigation measures, specifically enumerated in "Exhibit C" of the Settlement Agreement. All but one of these measures has been completed by the Developer. The remaining item involves certain streetscape modifications to Alton Road, between Third and Fifth Streets, that were originally mandated as part of the Development Order for the Alternative Portofino DRI in order to improve access and egress to the Marina parcels and to safely address the flow of traffic entering onto Alton Road from the MacArthur Causeway as well as heading eastbound from Alton Road onto Fifth Street. Specifically, the Development Order called for the following elements:

- (a) an eastbound right turn-lane on Fifth Street at the Alton Road intersection;
- (b) dual northbound left-turn lanes on Alton Road at the Fifth Street intersection; and
- (c) modification of the signalization at the Fifth Street/Alton Road intersection to compliment turn lanes noted in (a) and (b) above.

In February, 2005, following an extensive design process involving input from the public and City staff, TRG submitted plans for the proposed improvements for approval and permitting. The Permit was issued on August 12, 2005, and work has already commenced on the Project.

The base cost to only undertake the DRI-mandated improvements, including engineering fees is \$396,000, which amount, the Developer, Miami Beach Marina Associates, LTD., (MBMA) and the RDA are proposing to split equally in accordance with the terms of the Settlement Agreement. Design enhancements required by the City, including, but not limited to, stamped concrete pedestrian crossings, pedestrian countdown signals and extensive landscaping, account for an additional \$143,816, which the RDA is recommending to absorb due to the added public benefit involved, which includes enhanced pedestrian crosswalk safety components, and the fact that these elements fall outside of the scope specified in the Development Order. A breakdown of the Project's costs is as follows:

Alton Road Project Costs:	Total Cost	TRG	MBMA	RDA
Alton Road realignment	\$344,580	\$114,860	\$114,860	\$114,860

RECOMMENDATION

A total of \$139,955 remains in the RDA's Portofino Settlement account, specifically dedicated for the RDA's share of the Alton Road Project. As such, the Administration recommends appropriating an additional \$136,000 from South Pointe Tax Increment Funds, in order to fund the balance of the RDA's obligations towards the Project, in accordance with the Settlement Agreement amongst the City of Miami Beach, the RDA and West Side partners, Ltd., dated April 15, 1998.
